

## General information for applicants

### Teacher of Design and Technology (Resistant Materials) Part time 0.6 FTE approx.

#### The Princethorpe Foundation

The Princethorpe Foundation, which is administered by lay trustees, provides coeducational, independent, day schooling in the Catholic tradition for some thirteen hundred children from age two to eighteen years. The senior school, Princethorpe College, (HMC 11 - 18) is about 7 miles from Leamington, Coventry and Rugby, with the junior schools, Crescent (IAPS) about seven miles away in Rugby, and Crackley Hall School (IAPS) and Little Crackers Nursery about nine miles away in Kenilworth.

#### The School

Princethorpe College opened in 1966 and occupies a fine former Benedictine monastery which was built in the 1830s in 200 acres of parkland. The origins of the school date back to 1957 when the Missionaries of The Sacred Heart opened St Bede's College in Leamington Spa; the subsequent move to Princethorpe gave an opportunity for expansion.

The school became a lay foundation in 2001, when it merged with St Joseph's School in Kenilworth, resulting in the consolidation of a junior school and nursery on the Kenilworth campus. Crackley Hall is a significant feeder for Princethorpe. In September 2016, The Crescent School, a stand-alone prep school for seventy years in Rugby, also merged with the Princethorpe Foundation.

About one-quarter of the children at Princethorpe are Catholic and the Foundation welcomes children and staff of all denominations. The key catchment area for the school lies in a radius of about twenty-five miles, largely within the conurbations of Coventry, Leamington, Warwick, Kenilworth, Solihull, Stratford, Lutterworth, Banbury and Rugby, all of which enjoy a private bus service.

The Head of Princethorpe, Ed Hester, is Foundation Senior Head and as chief executive chairs the Foundation Executive Committee (FEC) which has responsibility for the day-to-day running of the schools and strategic planning. Financial management, estates, catering, IT systems and marketing for all schools in the foundation are resourced centrally. The head of Crackley Hall, Robert Duigan and the Head of the Crescent, Joe Thackway, are also members of the FEC.

Ed Hester is a member of HMC and the school also has membership of ISA and CISC.

The school continues with a comprehensive investment programme which over the last decade has seen a Sixth Form Centre built, Sports Centre improvements, chapel refurbishment, a new Photography department, update of IT facilities, Music department and classroom refurbishment and restoration of The Roundhouse to provide a stunning multi-purpose meeting, teaching and performing space. *The Limes*, a £4.5m fourteen-classroom teaching wing serving English, Modern Foreign Languages, Academic PE, IT and computing opened in September 2014. An indoor climbing wall and new fitness centre were part of the same project.

#### Ethos

Princethorpe life extends well beyond just exam preparation. The gospel values of love, service, commitment and forgiveness are central to everything which the school does, underscored by the school motto, *Christus Regnet* – may Christ reign.

Our schools are characterised by their strong Christian ethos and pride themselves on providing a caring, stimulating environment in which children's individual needs are met and their talents, confidence and self-esteem are developed.

The school maintains its Catholic tradition through assemblies, morning prayers, Holy Mass, celebrating the sacraments, teaching of Religious Studies and a vibrant Chaplaincy.

The social, cultural, intellectual, spiritual and emotional needs of pupils drive the school which is famed for outstanding levels of pastoral care. The ISI inspection report from April 2014 makes reference to the spiritual, moral, social and cultural development of pupils as being a key strength of the school.

### **The Local Area**

True to its heritage as a fashionable spa resort in the late 18th century and with a population of 50,000, Leamington is a thriving and elegant town of culture, leisure and good eating, with a well-regarded shopping experience comprising the usual range of high street outlets plus a significant number of independents. There are three key green spaces: the Jephson Gardens, Pump Room Gardens and Victoria Park. All of the major supermarkets are present. Swimming, golf, football, rugby, tennis, real tennis, health clubs, galleries, museums and the theatre are all well represented.

Rugby which has a population of 71,000, has an industrial heritage including the development of Whittle's jet engine and is, of course, the birthplace of rugby football; Coventry is famed for its Basil Spence Cathedral where Britten's War requiem was first performed and Warwick has a gentler air boasting the finest mediaeval fortress in the country. Kenilworth has the ruins of a castle, the remains of a medieval monastery, interesting architecture, a huge choice of well-regarded restaurants and a variety of independent retailers.

Communications in this part of the world are excellent, with easy access to the Midlands motorway network, and London is about an hour from stations at Leamington Spa, Rugby and Coventry. Shakespeare's Stratford-upon-Avon and the Cotswolds are a short drive away. There is a huge variety of property at modest prices.

### **Looking Forward**

Princethorpe College enjoys an excellent and growing reputation. Pupil numbers have risen to around 900 and continuing strides are being made to ensure the highest academic standards and a widening extra-curricular programme. Many pupils gain representative honours in sport and England cricketer, Ian Bell, numbers amongst the school's alumni.

Plans are in place for *The Close*, a seven laboratory Science block at Princethorpe and *The Gables*, at Crackley Hall, comprising a multi-purpose hall, classrooms and music practice rooms opened in February 2016 and represents a further £2m investment. A new Virtual Learning Environment utilising *Firefly* has been implemented and is being rapidly populated. A pilot study for using tablets and other digital devices in class groups has recently been completed.

### **Curriculum**

The curriculum is wide-ranging and our challenge is to prepare pupils for their next stage of education.

The school has made significant academic progress over the last decade, building a reputation for high levels of success with strong, positive value-added scores. Most pupils

continue into the Sixth Form where there is a wide range of A-level subjects on offer. All Sixth Formers have the opportunity to take part in The Princethorpe Diploma, a home-grown award, which encourages active participation in extra-curricular activities, service to the community and work-experience as well as a full commitment to their academic studies and enrichments projects.

In Summer 2017, from a cohort of 131 GCSE candidates, a quarter of pupils received at least seven A\* or A grades, two thirds of all grades were grade B or better and 55% of all pupils achieved A\* or A grades for English. At A-level, out of a cohort of 92, there was a 100% pass-rate. The overwhelming majority gained entry into the universities of their choice with a quarter of all grades at A\* or A and 80% of all grades at C or better. In addition, over two-thirds of the students were awarded the Princethorpe Diploma.

### **The School Aims:**

1. to provide a first-class, rounded education for all its pupils;
2. to ensure that a strong Christian ethos - underpinned by the values of our founders, the Missionaries of the Sacred Heart - permeates the school; this ethos nurtures personal spirituality, moral development and self-respect based on Gospel values, love of God and love of one's neighbour. Respect for others and the environment, generosity, compassion, loyalty and a desire to "do the right thing" are key indicators of this living ethos, as are good manners, courtesy and an appreciation of the joy of life;
3. to prepare each pupil to be a positive, tolerant member of our multi-cultural society, being generous of spirit in serving others. We aim to forge strong links within our own community and in the local and wider communities;
4. to offer a broad curriculum which is challenging, exciting and meets the needs of our pupils. It needs to be balanced, have academic integrity, cater for a variety of educational needs and to foster a life-long love of learning and enjoyment of academic pursuits;
5. to have the highest standards of teaching and learning. We want pupils to be active learners and take responsibility for their learning; we want them to have independent learning skills, be resilient and have academic stamina and rigour. We want pupils to achieve the best possible examination results - but focus on these must not stifle creativity, fun, independence, breadth and depth of learning;
6. to ensure all members of the College Community receive the necessary support, encouragement and motivation to grow and develop above and beyond their own expectations. We aim to set ourselves the highest possible standards and view the giving of encouragement, affirmation and praise as essential to the ethos of the College;
7. to offer a first-class comprehensive extra-curricular programme that encourages and inspires the whole range of ability and interest levels from outstanding performers to reluctant beginners;
8. to provide the necessary channels for good communications within our community so that all have a voice which can be heard and all are kept informed of events and developments;
9. to provide the necessary planning, structure and resources to meet the above goals. We must also ensure that we care for our resources and use them well. We aim to

promote Foundation-wide thinking so that planning, ideas and resources are shared across the schools to best effect;

10. to provide the financial security and stability to deliver the above goals and assure the future of the College and Foundation.

### **Role**

Required for September 2019, a well-qualified, dynamic and creative graduate to teach Design and Technology in our very successful department. Specifically covering resistant materials, the ability to teach other areas of the Design and Technology curriculum, particularly electronics, would be an advantage.

### **Design and Technology at Princethorpe**

The Design and Technology department encompasses Food Technology, Electronics, Resistant Materials and Textiles.

At Key Stage 3 students are taught Design and Technology in groups of no bigger than 16. Pupils study the materials areas of Food, Electronics, Resistant Materials and Textiles. Pupils have a double period of 140 minutes a week Design and Technology. In Year 7 and 8 pupils will spend 13 weeks in a module in the areas of Food, Electronics/Resistant Materials and Textiles. In Year 9 pupils will 6 weeks in a module in the areas of Food, Electronics, Resistant Materials and Textiles. Students are encouraged to learn about materials and processes through practical hands on activities.

At Key Stage 4 pupils can choose to study GCSE (EDUQAS) Design and Technology with a specialism in Electronics, Textiles or Resistant Materials. GCSE (AQA) Food Preparation is also offered. Numbers in Design and Technology at GCSE level are buoyant, on average 40% of Year 10/11 will study a GCSE Design and Technology option.

At Key Stage 5, the Department offers A-level (EDUQAS) Design and Technology. Students can opt to specialise in either Product Design or Fashion and Textiles. Students have 6 periods of teaching a week, 2 periods in core and 4 periods in their subject specialism

Within the Design and Technology Department there are six teaching staff and a technician. The Department has five specialist rooms including a new workshop (September 2016), a refurbished workshop, a design/electronics room, a food room and textiles room. The Department is very well resourced with textbooks, e-resources and equipment. All of the rooms are equipped with networked PCs and multimedia projection along with a conventional white board. CAD/CAM equipment such as 3D printers, laser cutters and vinyl cutters are also available.

The Design and Technology Department is active and thriving, where those with ideas and initiative can flourish. It is a popular department with both pupils and parents. The Departmental team enjoys excellent and supportive relationships and offers a friendly and professional ethos in which both staff and students can work together. We aim to encourage pupils to engage with Design and Technology in their everyday lives and to make informed choices about further study and future careers.

There is an active programme of extra-curricular activities, in a Young Designers club, Hi Tech club, RMT and Textiles clubs and Robotics. Pupils are given the opportunity to participate in regional and national competitions with pupils achieving national success in the Big Bang competition and young Engineers of Britain award scheme.
