## Princethorpe College School Bus Service Improvements

We're making a few changes to our school bus services to improve the way our routes operate and provide greater flexibility for families.

We are currently planning the introduction of a new Solihull express route starting in September 2027. There will then be some changes to the start times of PC9, PC10 and PC2. These changes will help us improve the overall service while ensuring that our routes continue to meet the needs of our pupils.

- **PC12** (new service) will start in Solihull at approximately **07:30**
- **PC9** will start in Catherine-de-Barnes at approximately **07:15**
- **PC10** will start in Hockley Heath instead of Solihull
